[GitHub](#) | Bangalore, India

PROFESSIONAL SUMMARY

MERN Stack Developer with strong experience in designing and developing scalable web applications using MongoDB, Express.js, React.js, and Node.js. Proficient in building end-to-end solutions including frontend interfaces, backend services, and database integration. Skilled in RESTful API development, CRUD operations, authentication, and responsive web design. Solid understanding of Data Structures, Object-Oriented Programming, and problem-solving techniques. Experienced in version control (Git) and modern development practices, with a focus on performance, scalability, and user-centric applications.

TECHNICAL SKILLS

- **Frontend Technologies:** HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap
- **Backend Technologies:** Node.js, Express.js, REST APIs
- **Databases:** MySQL, MongoDB
- **Developer Tools:** Git, GitHub
- **Core Computer Science:** Data Structures, Algorithms, Object-Oriented Programming (OOP)

PROJECTS

Smart Calculator – Web-Based Arithmetic Tool

Technologies: HTML, CSS, JavaScript

- Built a responsive web-based calculator to perform basic arithmetic operations like addition, subtraction, multiplication, and division.
- Designed an interactive user interface using HTML and CSS with a clean layout and intuitive button structure.
- Implemented calculator logic using JavaScript for real-time input handling and result computation.
- Added input validation and error handling to manage invalid expressions and division by zero.
- Ensured smooth user experience with dynamic display updates and responsive design across devices.

EDUCATION

• Mern Stack Development Training

BLearn Academy

Sep 2025 - Present

On-site

• BACHELOR OF COMPUTER APPLICATION

Jun 2021 - March 2024
